## HEALTH CARE

In Catalonia, **everyone has the right to free emergency public health care** when they contract serious illnesses or have accidents, whatever the cause, until they are discharged from hospital.

In addition, all registered residents with a health card are covered by all the benefits and resources of the public health care services network.

### Individual Health Card (IHC)

This card identifies and certifies us as users of the public health system. It facilitates access to the centres and services of the health care network. It is a free, personal and non-transferable document that everyone living in Catalonia must have, **regardless of their legal and administrative situation**.

## Where to apply for an Individual Health Card:

It is requested at the **Primary Care Centre (CAP)** that corresponds to the address, presenting the following documentation:

- **ID card (DNI, NIE or Passport)**
- **Certificate of census registration (to be processed at the OMAP)**
- **Affiliation to the Spanish Social Security** (for foreigners who do not have access to the SSS, the Catalan Health Service will facilitate your access to health care and will assign you a specific level of coverage, according to your personal circumstances. You can apply directly for the IHC at CatSalut through the [online form](#) or in person at the CAP).

For further information: <https://catsalut.gencat.cat>

### Primary Health Care Centres (CAP):

The primary health care centre (CAP) is the place to go when you have a health problem or when you want to prevent an illness.

CatSalut assigns all citizens to a primary care team (EAP) according to where they live. The EAPs are made up of a group of professionals in family medicine, paediatrics, nursing, dentistry and social health work. As a rule, these professionals will attend to you in a CAP.

**The specific CAP for each person will depend on the address.** Appointments are made by **prior reservation**, but emergencies are also attended. The CAP will assign you a family doctor who will be in charge of your medical history, and will refer you to other specialists if necessary. **In Sant Boi there are 4 CAPs located in:**
